DESCRIPTION OF THE EVENT.

The session commenced at 1.30 pm, anchored by Sattva's President, Deesha Khanna and Vice-president, Nikita Jha.

The guest speaker for the session was Preeti Jhangra, who is currently a student at IGDTUW. She started her session with some icebreaker questions using mentimetre.com in which every student present in the seminar room participated and at the end of the questions displayed the data related to it.

She then began with her introduction which included her past achievements including AIR - 13 in CET of IGDTUW, AIR - 867 in NIMCET, research on applications of machine learning on covid-19 Data set and her participation in multiple hackathons. She also mentioned her solving 500+ problems on both GFG and LeetCode.

After her introduction, she gave a clear cut explanation on DSA which included the types of algorithms, the difference between linear search and binary search and gave real world examples on binary search(www-world wide web), height of binary search, Tree.

The next topic she discussed was on how to get a job by mastering DSA and self-confidence and the role of DSA in getting a job in technical jobs.

The seminar ended at 2:10 pm with a 5 minute discussion on the bootcamp for DSA which she will be organizing for the students of Kalindi College, named 'AlgoMinds: A DSA Bootcamp'. The bootcamp will consist of topics/parts like Algorithmic Thinking, Structured Learning, Building Confidence, Building Community and also have Personalized Feedback, Doubt solving session and Expert Session.

Commencement of Event

G-Innovate was organized to show India's leading position in today's modern world and advancement in technology through exquisite art. The themes given were related to G20.

Topics were as follows:

1. G20 and digital age
2. Showcasing symbols of countries under G20
3. Celebrating Indian sovereignty: Meri Matti Mera Desh
4. One Family, One Earth, One Future

It gave students an exciting opportunity to gain more insight into G20 and its impact on the enhancement of modern technology. Students participated in the event with enthusiasm.

G-Innovate

Sattva, the Academic Society of Computer Science Department of Kalindi College on October 11th, 2023 hosted an intra-college poster-making competition. The event was conducted offline, and students had to produce and submit their artwork in lab 3 of the Computer Science Department.

The central idea of the poster was based on India's leadership position in G20 with its relation to advancement in trade and technology. The participants had to make a poster based on the topics given within the given time frame. Overall the whole event was a huge success and the participants had a good time participating.

MAIN POSTER OF THE EVENT:

Description:

The event started at 10AM with a seminar on Data Structures and Algorithms, an informative and enlightening session which guided the students about the current industry trends, hot topics in interviews, DSA as a power tool in the field of computing and much more. The students got the chance to interact and learn with the guest speaker for the session—Preeti Jangra, an alumnus of Department of Computer Science, Kalindi College, currently a student at IGDTUW.

Beginning with her introduction which included her past achievements and research on applications of machine learning on covid-19 Data set—she gave a clear-cut explanation on DSA on topics ranging from types of algorithms, the difference between linear search and binary search to real world examples on binary search (www-world wide web), height of Binary Search Tree.

Next up, we had a fun game which tested the audience's cinematic knowledge. Then the first round of Miss Fresher's competition 'Talent Round' started in which the participants showcased their talent through music, dance and ramp-walk.

Afterwards we had three filler performances including the group dance by third-year students of our department, captivating not only the audience but also the teachers.

A short break of 1 hour was taken for lunch and then the second-year students of our department presented group dance performances along with the first-year students.

The crown of Miss Fresher went to Anjali from B.A. Program along with Tiya Mehta of B.Sc. (Hons.) Computer Science being crowned as Miss Diva, followed by Muskan from B.A. Program as Miss Talented, Ananya Kirar from B.Sc. (Hons.) Computer Science as Laughter Queen and Leena Patel from B.Sc. (Hons.) Computer Science as Miss Best Smile.

Result of MISS FRESHER

MISS FRESHER:	Anjali, B.A. Program
MISS DIVA:	Tiya Mehta, B.Sc. (Hons.) Computer Science
MISS TALENTED:	Muskan, B.A. Program
LAUGHTER QUEEN:	Ananya Kirar, B.Sc. (Hons.) Computer Science
MISS BEST SMILE:	Leena Patel, B.Sc. (Hons.) Computer ScienceB.A. Program

Glimpses of the event:

A classical solo dance performance by a third-year student

A group dance performance by the 3rd year students of Department of Computer Science on 90's hit songs.

A participant performing during Talent Round of Miss Freshers

A participant of Miss Freshers answering the judges' question during Q/A Round

MAIN POSTER FOR THE EVENT:

ABOUT THIS EVENT:

On November 2, 2023, an informative seminar was organized by Sattva, the Computer Science Society of Kalindi College, University of Delhi, in collaboration with Chahal Academy. The event took place in Sangam Parisar, and it commenced at 10:38 AM. The seminar began with a warm welcome by Nikita Jha, the Vice President of Sattva, and Chavvi Chauhan, the Treasurer of the society. They addressed the gathering and introduced the distinguished speakers for the event, Dr. Sumesh Chahal and Mr. Shubham Jain. Dr. Sumesh Chahal took the stage at 10:40 AM and introduced himself to the audience. He began by providing a comprehensive overview of the UPSC (Union Public Service Commission) examination. Dr. Chahal elaborated on various aspects, including the examination pattern, result analysis, and the key differences between the prestigious services like IFS (Indian Foreign Service), IRS (Indian Revenue Service), IPS (Indian Police Service), and TIPS (Tribal Indian Police Service). He shed light on the skills and qualities required to excel in

these competitive examinations and shared valuable insights into how aspirants can effectively prepare for the UPSC exams. At 11:26 AM, Mr. Shubham Jain joined Dr. Sumesh Chahal on the stage and shared his personal journey and experiences in the field of civil services. He recounted his own trials and tribulations, offering a firsthand account of what it takes to succeed in UPSC exams. The audience was highly engaged, and many students took the opportunity to ask questions and seek advice from Mr. Shubham Jain. His anecdotes and practical advice provided invaluable guidance to aspiring civil servants. The seminar concluded at 12:00 PM with Dr. Reena Jain extending words of gratitude to the esteemed guests, Dr. Sumesh Chahal and Mr. Shubham Jain, for sharing their knowledge and experiences. She also thanked the Computer Science Society, Sattva, and Chahal Academy for organizing this enlightening event. The seminar provided students and attendees with valuable insights into the world of UPSC examinations and the different career paths available through civil services. The firsthand experiences and expertise shared by the speakers, Dr. Sumesh Chahal and Mr. Shubham Jain, left a lasting impact on all those in attendance, inspiring them to pursue their aspirations in the field of civil services.

DESCRIPTION OF THE EVENT:-

The session commenced at 10.00 A.M, hosted by Deesha Khanna (Sattva's President) and, Tiya Mehta (Sattva's Volunteer).

The guest speaker for the session was Dr. Shilpa Srivastava, who is currently an Associate Professor at Christ University. She started her session with explaining some fantastic facts about AI. She shared her presentation via laptop in which she showed the pics of the first computer, the first laptop & the first apple computer. She also explained the role of women in the society & technology.

She then began with her introduction as a Christ University as an Associate Professor. She also shared her experience of being Alumni of the Kalindi College.

After her introduction, she gave a clearcut explanation on Artificial intelligence involving creating machines capable of human-like thinking, enabling them to perform tasks deemed intelligent. AI tools are software applications employing AI algorithms to execute specific functions and address various problems.

She further explained the AI tools that it is a software application that uses artificial intelligence algorithms to perform specific tasks and solve problems. AI tools can be used in a variety of industries, from healthcare and finance to marketing and education, to automate tasks, analyse data, and improve decision-making.

She further explained about the different types of AI tools like- Taskade, QillBot, curipod, slidesgo, dektopus.

She had also explained the difference between AR & VR. She explained that- AR uses a real-world setting while VR is completely virtual. AR users can control their presence in the real world. VR requires a headset device, but AR can be accessed with a smartphone. AR stimulates both the virtual and real world while VR only stimulates a fictional reality.

We also had a Q/A session at last in which the students got to discuss AI and the pros and cons of it with our speaker.

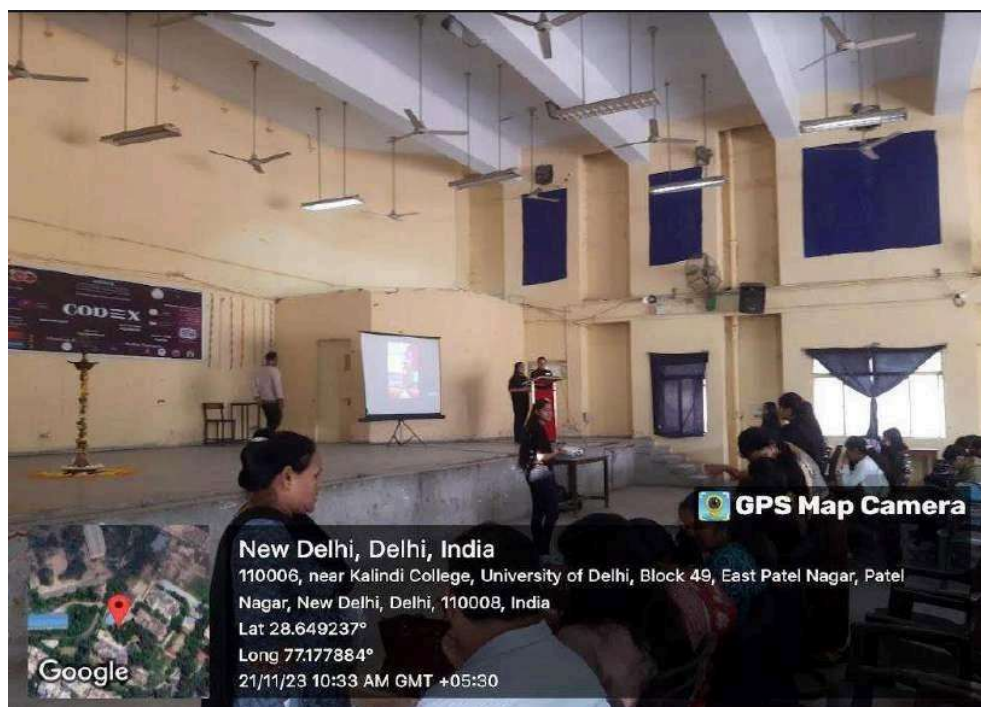

The seminar ended at 12:10 pm. The seminar was a great success for all of us which is filled with amazing doubt sessions.

ABOUT THIS EVENT:

On November 22, 2023, *Rythm Coders*, an innovative and unique musical coding event, took place at Sangam Parisar in Kalindi College. The event aimed to blend the worlds of music and coding, creating an engaging and challenging experience for participants. The event began at 10:43 with Shilpi Rawat and Priya addressing the enthusiastic crowd, setting the tone for an exciting day ahead.

Rules and Overview: Shilpi Rawat and Priya provided a comprehensive overview of the event's rules and format. The competition was structured into two rounds, each designed to test participants' coding skills and musical prowess.

Round 1: Error Finding Challenge (10:45 - 11:30): The first round, the Error Finding Challenge, commenced at 10:45. Participants were given 15 minutes to solve a set of coding questions, with the primary focus on identifying and correcting errors in the provided code snippets. The questions were strategically designed to assess participants' attention to detail and debugging abilities.

The atmosphere was filled with anticipation as participants engaged in intense problem-solving, showcasing their coding proficiency under time constraints. The top performers from this round earned the right to advance to the next stage.

Round 2: Musical Chairs with a Coding Twist (11:45 - 12:30): The second round, known as "Musical Chairs with a Coding Twist," introduced a captivating fusion of music and coding. Participants who successfully navigated the Error Finding Challenge were now faced with an even more dynamic challenge.

Before occupying a chair, participants were required to solve a coding question. The twist added an extra layer of complexity, demanding not only coding skills but also the ability to perform under pressure. The chairs symbolized the opportunity to showcase musical talent, creating a unique combination of coding prowess and musical expression.

As the competition progressed, the synergy between coding and music became evident. Participants showcased their adaptability and resilience, seamlessly transitioning between the analytical world of coding and the expressive realm of music. The event ended at 12:12.

DESCRIPTION OF THE EVENT

On March 19, 2024, Sattva, the academic society of the Computer Science Department at Kalindi College, organized a seminar in collaboration with Landmark Institution, focusing on career counseling for first and second-year students. The event commenced at 11:00 AM, attracting undergraduate students pursuing computer science courses. Approximately 95 students participated in the offline seminar held at Sangam Parisar, Kalindi College. Mahika and Priya (Volunteers of Sattva team) expressed gratitude and extended a warm welcome to guests and faculty members.

The keynote speaker, Prof. Ritukar Chadha, the Director of Landmark Institution, provided valuable insights into career opportunities, emphasizing the institution's reputation and specialties. Prof. Chadha discussed various IT companies, projected career prospects in the industry for the next few decades, and highlighted the facilities offered by top Indian institutes. Additionally, he elaborated on major MCA entrance exams, their patterns, and recommended preparation timelines. Following the event, Prof. Ritukar Chadha also addressed the topic of layoffs in prominent companies, providing students with insight into the challenges and realities of the industry. This added dimension further enriched the seminar, equipping attendees with a comprehensive understanding of both opportunities and potential obstacles in the IT sector. He was actively engaged with students, addressing their queries and fostering an interactive session. The seminar aimed to empower students with a comprehensive understanding of potential career paths and strategies for success in their academic and professional endeavors.

Description:

The event was divided into three parts— shooting time, editing time and show time. The shooting time started at the start of our first event TECH BATTLE at 9:30 A.M.; ending at 1:30 P.M. From 1:30 P.M. to 3 P.M. it was editing time and afterwards the participants presented their final video entries from 3 P.M. onwards to the judges, with Mahak and Alpana as our hosts. We had 11 spectacular entries, each one capturing the QUBIT'24 event from start to finish, showcasing our two events: TECH BATTLE and TECH TADKA.

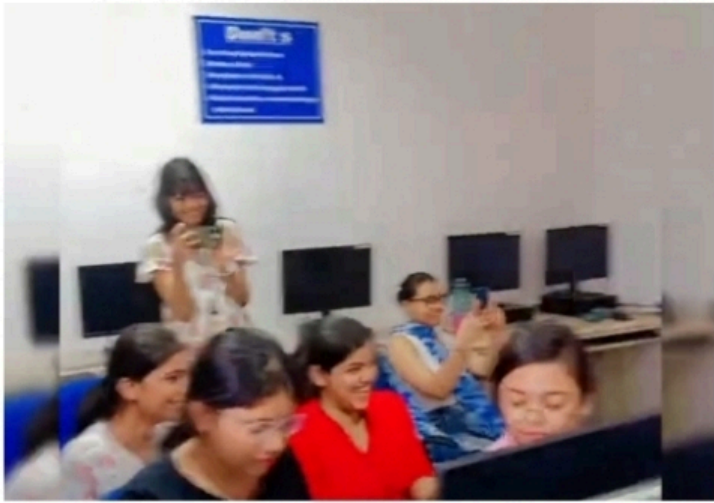

Result of CINEMATICS:

- 1ST WINNER: ANSHIKA of B.Sc. (Prog.) Physical Science from Kalindi College
- 2ND WINNER: AYUSH SHRIVASTAV of B.Tech. CSE from Gurugram University
- 3RD WINNER: MUSKAN KUMARI of B.Sc. (Hons.) Computer Science from Kalindi College

Description of Event

The seminar started at 11:00 AM with a beautiful lamp lighting ceremony. Shortly after, at 11:10 AM, there was prize distribution for the competitions that were held the day before. Then, at 11:20 AM, Mr. Saurabh Jain took the stage and the seminar officially began. Throughout the seminar, several interesting topics were covered. He started with an introduction to the field of computer science on cloud computing, followed by discussions on virtualization and AWS (Amazon Web Services). He emphasized the importance of cloud storage and talked about the evolution of cloud technology. He also highlighted different cloud service providers and explored various career options in the computer science field.

Attendees had the opportunity to ask questions and clear their doubts. Finally, at 12:30 PM, the seminar concluded with a vote of thanks from Sweety Mam.

Overall, the whole event was a huge success.
